Modification of Presentation files

- When saving the file, save it as a "PowerPointPresentation (*.pptx)".
- You may register only one slide per one abstract.
- The total file size that can be uploaded is limited to 100MB.
- Please do not save PowerPoint by making it the final version or setting a password. Also, files with more cannot be registered.

▼File Registration Form

Inst.	PARSOL

Check Point

- Be sure to check the sound. Make sure that the volume setting of the computer is about 50% and that it sounds appropriate.
- If there is a big difference between the data you have and the result of the online preview, please contact the support desk as soon as possible.
- When making inquiries, please clarify whether there is a difference from the video data you have or a PowerPoint slide show.
